THE BEST TEST

Is the Test of Time

Years ago Mrs. Mary Gammon of 20 Maple street, Norway, told of good results from using Doan's Kidney Pills. Now Mrs. Gammon confirms the former statement—says there has been no return of the trouble. Can Norway people ask for more convincing testimony?

"I have kept Doan's Kidney Pills in my home for years," says Mrs. Gammon. "I had a dull, heavy ache across the small of my back and often attacks of dizziness came over me. Doan's Kidney Pills which I got at Kimball's Drug Store relieved me of this trouble. I use Doan's Kidney Pills off and on as a kidney tonic and I couldn't wish for anything better to keep my kidneys in a healthy condition." (Statement given June 7, 1916).

On September 4, 1920, Mrs. Gammon said: "I have always a good word for Doan's Kidney Pills since they cured me of kidney trouble. I am pleased to again give my endorsement. I confirm all that I said in my former statement, as my cure has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gammon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

EAST FRYEBURG.

A Granddaughter of the American Revolution Dead

Mrs. Amelia D. Sanborn, widow of Abel F. Sanborn, daughter of Sewall and Steina Libber Thompson, and granddaughter of Harvey Libby of Limington, a revolutionary soldier, who enlisted at the age of 15 on April 23, 1775, and served throughout the war, died at her home, Hillside Farm, East Fryeburg, on April 19, aged 84 years, 10 months.

Mrs. Sanborn was born on Thompson Hill, Limington, June 19, 1836, and was the last of a family of ten children. Early in life she united with the Congregational church and was the oldest member of the Limington church, having been a member nearly 70 years.

On March 25, 1859, she was united in marriage with Abel Sanborn of this place from which union five children were born, one dying at birth, one living 10 months. The next, Sewall I., was in the grocery business in Chelsea, Mass., dying Jan. 5, 1897, leaving a widow and one child, Roy, who was brought and educated by a grandmother and is now married and has a nice home in Stratford, Conn.

The other two sons, Frank and Walter, live here, Walter on the old homestead, Frank on the adjoining farm, the latter having one son and one daughter. Mrs. Sanborn comes from that line of Small that trace their lineage back in England to 1100, A. D. They came to America to settle in 1632. Francis Small at one time owned all of the Ossipee Valley, a tract of 250,000 acres, and was the first settler, settling where Cornish now stands about 1653.

In former years being a fine hand in sickness, Mrs. Sanborn was much sought for and was always ready and anxious to render aid in any sickness or affliction. She was certainly a good neighbor, a kind and loving mother and friend.

The funeral services were held, Friday afternoon, attended by Rev. Mr. Wild, pastor of the Congregational church at Fryeburg. There was a large gathering of neighbors and friends. The floral offerings were beautiful. The Grange, of which Mrs. Sanborn was a charter member, attended in a body and held appropriate services at the grave. The burial was in the family lot.

The Grange will give the drama, "Deacon Dubbs," at the Hall, Friday evening.

Mr. and Mrs. Raymond Richardson and two sons of Woodfords are the guests of Mr. Richardson's parents, Mr. and Mrs. W. B. Warren.

Mrs. Fred Preston of Winchester Mass. is the guest of Mrs. Sam Warren of the Mt. Aqua Cottage.

Geo. H. Walker is in Portland at a hospital, having had an operation performed on his foot.

FORDSON

\$675 Delivered on Your Farm

The Fordson saves from thirty to fifty per cent. of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your own farm. Just phone us or drop us a card.

MacMillan to Give Lecture
It is reported that Donald MacMillan, associate of the late Rear Admiral Robert E. Peary in Arctic exploration work, and who will sail in a few months on the steamer Bowdoin, recently launched at East Boothbay, in charge of another exploration trip, will lecture here in the near future. His subject will be, Rear Admiral Peary, and this will be of special interest here in view of the fact that through his mother Admiral Peary was a descendant of Benjamin Wiley, a well known resident of Fryeburg, and that after his graduation from Bowdoin College the later admiral and explorer and his mother spent a few years in Fryeburg village. Mr. Peary was then waiting for his appointment to the United States Navy. The house where they visited is now owned by Frank L. Mark of Pratt Institute, Brooklyn, N. Y.

BUCKFIELD

Lost on Mountain
Two young men, Dana Phillips of Salem, Mass., and Lawrence Smith of Buckfield, formerly of Acton, Mass., left Buckfield Monday noon for Black Mountain, but being misinformed as to the name and location of two mountains, they mistook Speckled Mountain in Peru for Black. Owing to the steepness of the bluff and their failure to find the trail, it was sunset when they reached the top of the mountain. Soon after they started to retrace their steps darkness overtook them and they were forced to remain on the mountain all night. As their matches were wet they could not make a fire and were without blankets and thin clothing. Ice formed on the trees from one to two inches thick. The young men say they did not sleep much and were obliged to do dances to keep from freezing to death. At 4 a. m. they started down the mountain side, but lost their bearings and descended on the opposite side from where they went up. When they left the mountain top snow was falling thickly, but in the valley it was clearer, and at 6 o'clock they reached the farm house of Gerald Tracy in Peru, where Mrs. Mary E. Andrews, Mr. Tracy's housekeeper, prepared them a hot breakfast. The point where they struck civilization after descending the mountain was 20 miles from Buckfield.

In Maine there is no daylight saving law, but many cities plan to repeat action adopting daylight saving time locally. Rural districts will not change time because of farmer opposition to daylight saving.

Scratches Cured in a Week!

Mr. B. J. Turner says: "My horse had a bad case of scratches on his left hind fetlock. The entire ankle joint was swollen, hot, feverish and so painful that when I would lead him out, he would not touch that foot to the ground. In under the fetlock it was cracked open so there was a raw sore clear across the back part of the joint. I got a box of Petro-Tan, and used according to directions. At the end of a week, the soreness and fever were entirely gone, and the raw, open sore was completely healed, leaving it soft and smooth to the touch. By this time, the swelling had almost entirely disappeared, and there was no lameness when I took him out. I have handled horses for the past fifty years, and doctored a good many for scratches, but I never used anything that begins to equal Petro-Tan. It relieved the soreness almost at once, and heals the quickest and with the fewest applications of anything I ever used on a horse, as I used only four applications to heal it up."

Petro-Tan will give equally good results for sore or cracked teats, collar boils, small cuts and other wounds of the skin.

It is without question the ideal treatment for cuts, burns, chapped hands, etc. on Humans. Especially desirable for children.

Unicorn Dairy Ration

"You can fool a man, but you can't fool his cow!"

It is not the cost of a feed that is killing the farmer and reducing his profits. The real source of his trouble is his failure to run his cows to full capacity and feeding them right and decently. Cows that could give 40 lbs. of milk are running on a 20-lb. basis, and cows that could make 30 lbs. are running on 15.

The reason dairymen continue to use UNICORN is because they get enough more milk and enough more profit out of it to make it worth their while.

APRIL

It is stated that the God of the Mines called his courtiers to bring him all known gems. He found them to be of all colors and tints and varying hardnesses, such as the ruby, emerald, sapphire. He took one of each, he crushed them; he compounded them; and said, "Let this be a gem that will combine the beauty of all; yet it must be pure, and it must be invincible." He spoke; and lo! the evolution of the diamond; bringing to the April-born the virtues of Sir Galahad, the white preserving peace and tranquility.

MY DAYS AND NIGHTS IN THE
HOSPITAL

NO. 5

James Phinn, M. D., the "House Doc-
tor," was something of a character, but
he did not appear to have any humor
in him. I asked him one day soon after
going to the hospital where he originated.
He said he came from Connecticut.
"Where did you think I was from?" he
inquired. "Down East," I replied. "What's
that?" said he. I laughed and explained.
He never smiled and apparently didn't
appreciate the joke. I never could get
him to stay and talk with me very long
at a time. He didn't seem to be inter-
ested in general matters that I was. I
was told that one of his brothers was a
lawyer, and another a priest. I remem-
ber him most as coming into my room to
make his evening call, taking a good look
at me, marching around the room and
right out again. "You are all right,"
he would frequently say. Sometimes I
would hear him talking and laughing with
the nurses. He was faithful in the dis-
charge of his duties and I came to like
him before I was discharged.

One will often hear things, even in a
hospital, that he will laugh about. A
nurse likes to be selected to take charge
of a patient for then I suppose for one
thing she gets more pay. If the patient
is pleasant and agreeable and trusts
wholly to the nurse, it is a desirable po-
sition for her. When first assigned, the
nurses doubtless talk over among them-
selves the peculiarities of the persons
under their charge. "How do you like
your new patient?" said one. "Oh, he
is just splendid. He thinks everything
I do is all right." "Well, mine don't,"
was the rejoinder. "He is a fussy old
fool; nothing I do suits him."

I mentioned in a former sketch that
one of the nurses down stairs was not
an especial favorite. After I was trans-
ferred upstairs she was assigned to a pa-
tient in the ward I was then in. One
evening she came into my room with my
nurse with a wine glass in which was a
dark colored fluid. She asked me if I
didn't want some wine. My nurse, who
stood behind her, shook her head to me
in warning. I took the glass and touched
my tongue to the liquid. I judged that it
was a powerful laxative. Handing it
back I said, "You are the only nurse
in the hospital that I can't trust." The
morning I came away the nurses in the
ward gathered near the elevator to bid
me good bye. They knew I was to write
some sketches of my hospital experience
and the nurse mentioned asked: "Are
you going to write anything about the
wine?" "You bet I be," I said. I
didn't really care as much about the in-
cident as she thought I did. It might,
however, have been a serious joke if
I had drank the liquid. I won't call
any nurses. If she sees this she can
laugh as I sometimes do when I think
of it.

Dr. Milliken was fond of a good joke.
Last summer a peculiar character was
operated upon at the hospital for the
same trouble as mine. The incision healed
so slowly that he got all out of patience,
and would frequently swear like a trooper.
Milliken cautioned him against
cursing so loudly as to be heard by the
nurses. It, however, didn't break him
from profanity. (When I was getting
impatient for the same cause I told this
story one day to Dr. Mitchell. Laugh-
ing he said, "You can swear, too, if you
want to." "I am unused to it," Doc-
tor," I replied, "and I don't think the
incision would heal any quicker if I
did." The nurse, who stood near re-
marked that I didn't say anything worse
than "blast it.")

The man Milliken mentioned left the
hospital, too soon and had to go back
again to get thoroughly healed. At the
time, or when he was there first, Milliken
played a practical joke upon him. "The
man was something of a dandy, and
prided himself upon his flowing locks
and long mustaches. Milliken couldn't
prevail upon him to be suitably barbered.
Watching his opportunity, he cut
when the patient dozed or slept, Milli-
ken cut off quite a bunch of the hair on
one side. When the patient afterwards
saw his reflection in a looking glass, he
swore louder than ever and threatened to
sue Milliken for \$200 damages.

Norway Grange

Norway Grange had a picnic dinner
Saturday. In the afternoon the regular
meeting was held conferring the first
and second degrees on a class of fourteen.
A short program was given in charge of
the Lecturer.

It was voted to invite Paris, degree team,
to confer the third and fourth degrees
at the next meeting, May 14th, at ten
o'clock.
The afternoon program promises to be
very interesting and instructive. Two
speakers are expected: Mr. Lovejoy, the
County Agent, who will no doubt give us
some points and good advice on farming,
and A. J. Torsleff, secretary of the Baby
Savings Society of Maine. Dr. Torsleff
is a very pleasant speaker and brings to
our town a message all should be inter-
ested in. The afternoon meeting will be
open to the public.

The men of the First Universalist
church served their annual banquet,
Thursday evening. Following the sup-
per, the program consisted of piano
duets by Ruth Cummings and Ruth
Akers; Scottish folk dancing by
Evelyn Wight of South Paris, with Mrs.
Agnes Morton at the piano; and Ernest
Carter of Portland, magician and
entertainer presented a novel enter-
tainment in sleight of hand and magic. Mr.
Carter is credited with being the smooth-
est performer in the State. The lemon
and famous cigarette tricks were play-
things in his hands.

Busi Jackson and his bride (nee Mrs.
Carrie Bradley) arrived in town from
Milton, Mass., Thursday afternoon. Mr.
Jackson is one of Norway's prosperous
farmers, owning with his brother, Solom-
on L., one of the largest estates in
Milletville. He is the son of the late Ab-
ner P. and Augusta Millett Jackson, who
were among Norway's prominent people.
The bride has been in Norway for sev-
eral summers, visiting her sister-in-law,
Mrs. Solomon I. Jackson, where the ac-
quaintance was begun that culminated
this week in their marriage. They will
live at the Jackson farm in Milletville.
Mrs. Prudent Bodard of East Stone-
ham visited relatives in town over the
week-end.

William Cherry of Belmont, Mass., is
making his annual trip to his home town
trying out the fishing and visiting his
mother, Mrs. Helen Cherry.

To the motorist who has quit guessing about tires —

ALONG about this time of year a man finds his motor-
ing neighbors getting anxious about their tires.
With folks expecting old tires to "pop" any minute,
there comes the question of what kind of new ones to buy.
U. S. Tires are answering a lot of questions like this
nowadays.

The U. S. Tire following embraces two kinds of
tire buyers.

Those who started with quality first, and have never
bought anything else but the quality standard tire.

Those who came to quality first only after dabbling
with "bargains," "rebates," "job lot" and "surplus stock"
tires.

Getting one hundred cents value on the dollar in tire
buying is a straight-forward business proposition — not
guess-work or a game of wits.

The most essential man for you to know today is the
local U. S. Tire dealer who is concentrating on a full,
completely sized line of U. S. Tires.

He gets his U. S. Tires straight from his neighboring
U. S. Tire Factory Branch — one of 92 such Branches
established and maintained all over the country by the
U. S. Tire makers.

He is the man who can give you fresh, live tires — not
stuff shipped to him from some point where it did not
sell, but new tires of current production.

Giving the same quality, selection and price-advantage
to the owner of the medium weight car as the big car
owner gets. With equal service and buying opportunity
whether he lives in the smaller localities or the greater
centers of population.

ESSEX

It Now Holds This Price Advantage

Essex quality quite naturally creates an expectancy of high
price. Compared on every hand to costly cars it would be strange
if many did not fall into that error.

Thus actual price comparisons give Essex true value in
sharp relief.

How many of the cars in the Essex price range do you ever
embrace in the same thought with it in regard to fineness, ability
and distinction?

And do not the cars that you consider in the Essex quality
class invariably cost hundreds of dollars more?

In reaching a standard by which to understand Essex val-
ues you must consider such price contrasts, as well as facts bear-
ing on ability and dependance. Such examination will convince
you also of the unusual value the Essex represents.

The Lure of BIRTH STONES

APRIL

It is storied that the God of the Mines called his courtiers to bring him all known gems. He found them to be of all colors and tints and varying hardnesses, such as the ruby, emerald, sapphire. He took one of each, he crushed them; he compounded them; and said, "Let this be a gem that will combine the beauty of all, yet it must be pure, and it must be invincible." He spoke; and lo! the evolution of the diamond; bringing to the April-born the virtues of Sir Galahad, the while preserving peace and tranquility.

It's time you got busy and overhauled last year's tackle.

You'll need new lines, hooks, flies, etc.

Imagine your disappointment if, after playing one of those "sporty" boys" for an hour, you lost him because your Tackle was faulty.

Better look over your gear, and let us supply you with your needs. And say, we've got some flies that are beauties. "Will they bite?" Well, you just try.

When you're here about that fishing trip, let us show you many other things that will make the trip more enjoyable, lunch kits, vacuum bottles, Kodaks, etc.

Accidental Drowning of Edna Eva Luce
A very sad affair was the death of Edna E. Luce by drowning, Monday morning. She had gone to the mail box to mail a letter to her aunt, but the mail carrier had gone, and it is thought she was disappointed and went into a fit and fell face first into a small ditch filled with water. Her body blocked the stream so that the water was flowing over her head. She had been subject to epileptic fits for three years past. They had kept a strict watch over her, but had allowed her to go alone to the mail box which was in sight of the house. She did not return and her stepfather, Leland Waterhouse, went to look for her. He passed the place where she lay and retracing his steps saw her in the water. He pulled her from it and called for help. Roy Lord was the first to come to his aid. They did what they could, but she had been dead for some time.

The coroner, Dr. Herman Bartlett, of Norway, was called, who pronounced it accidental drowning. Mr. and Mrs. E. K. Shedd, who also came to help them, took the body to her sister's, Mrs. Roland Littlefield's, where the funeral services were held at 1 p. m., Thursday. Interment in Bisbee's cemetery.

She was born in Canada. She was seventeen years of age the 2nd of January. She leaves a mother and stepfather, Leland Waterhouse, and one sister, Mrs. Roland Littlefield, and one aunt Mrs. George Gray of East Waterford, to mourn her untimely end.

Don't Start Too-Late

A MAN WAS RUNNING HARD to catch a car. He was almost ready to swing aboard when the car started forward and the conductor closed the door.

A friend who was near him said, "John, you didn't run fast enough."

"Yes I did run fast enough," he replied, "but I didn't start soon enough."

And that will be the story of those folks who put off saving money until they are well along in life. They may save as fast as they can, but they will find they did not start soon enough.

A dollar saved by a child will grow into several dollars before old age arrives. Money needs time to grow—that's why we urge all young people to start saving early.

Think it over.

WHOLE FAMILY IS HELPED, HE SAYS

Manchester Man Restored To Fine Health—Says Tanlac Is His Family Medicine Now

"Well, there's nothing left of my suffering now but the memory of it," said Alexander Beureau, of 125 Orange St., Manchester, N. H., after finishing his fourth bottle of Tanlac.

"At the time I commenced with Tanlac," said Mr. Beureau, "I was suffering with the worst sort of stomach trouble which seemed to come on me suddenly nearly two years ago. I suffered so from gas, bloating and pain that I could eat only one good meal a day, and that caused me to blurt up until I felt like I was going to choke. I got so nervous I could hardly get any sleep. I felt tired and worn out all the time and my day's work would completely exhaust me."

"I have taken four bottles of Tanlac now and my stomach misery has entirely disappeared. Why, I'm hungry all the time and every meal is a hearty one for me and I never have a pain or a sign of indigestion, no matter what I eat. My nerves are steady and I sleep all night without waking up once. My work is now a pleasure, for I feel strong and full of energy all the time. Every one of my family has used Tanlac since my good results and it has helped them wonderfully. From now on it is going to be our family medicine."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stovell Bros., Locke's Mills; R. D. P. Bismarck, East Watford; W. T. Brown, East Stoughton; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryburg; L. R. Rounds & Co., Watford, and P. G. Barrett, Welchville, Me.

Why Pick On Your SHOE DEALER

It is a well known fact that tanners and most shoe manufacturers have taken enormous losses. One tanner alone lost \$6,000,000.00 last year. Shoe retailers all over the country are marking down their shoes to replacement cost. Nevertheless, the woods are full of amateur economists WHO CLAIM PRICES OF SHOES WILL SHORTLY RETURN TO PRE-WAR LEVELS, BUT WILL THEY? YES, THEY SURE WILL—

When hard coal is back at \$9 per ton;
When railroad fares are back at 2c per mile;
When house rent is back at \$10 per month;
When gasoline is back at 10c per gallon;
When telephones are back at \$1 per month;
When a square meal is back at a quarter;
When farm labor is back at \$25 per month;
When gas is back at 90c;
When shaves are back at 10c;
When the freight from N. Y., now \$1.84, is back at 97c;
When street car fares are back at a nickel;
When money is back at 5 per cent;
When cooks are back at \$5 per week;
When hair cuts are back at a quarter;
When movies are back at a nickel;
When a car-wash is back at a dollar;
When ice cream is back at a dime;
When a doctor's call is back at one buck;
When a newspaper is back at a penny.

For the love of Mike, why expect the manufacturer, wholesaler and retailer of shoes to go the route alone? Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't the manufacturers, wholesalers and retailers of shoes gone much faster and much farther than the average in reducing prices and making readjustments? WE'LL SAY THEY HAVE. We're ahead—way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants, and the draymen, and the bankers cut THEIR prices and catch up with the shoe men.

Mrs. Wm. H. Gordon
Mary E., wife of Wm. H. Gordon, passed away April 29 after an illness of nearly five months. She had a severe attack of neuritis from which she had suffered more or less for over three years. It rapidly grew worse and it has been over two months since she had any use of her right arm. Her great suffering was borne bravely to the end.
The deceased was born at South Hants, Mass., sixty-nine years ago this month and was the eldest of four children, two sons and two daughters born to Daniel and Mary Smart.
She was united in marriage to W. H. Gordon of Sweden fifty-two years ago last March, four children came of this union: Lillian G. McCallum, who died twenty-four years ago; Walter E., who died six years ago this month; Alice Briggs of Lovell and Lottie Morrison of Bridgton survive. A husband and brother and five grandchildren are left to mourn their loss.

She was tenderly cared for by her grandson, Calvin Briggs and wife, who lived with them; also her husband, who watched over her and did all in his power to gratify her every want. The daughters were with her as much as possible, always bringing her dainties to eat, also flowers. It is appreciated the good care and faithfulness, which Mildred, the grandson's wife, bestowed upon her.
Although not being associated with any church, she was of a christian character, her life in her home as a wife and mother was a fine example to all who knew her.
Funeral services were held at the home Sunday afternoon, Rev. H. A. Pearce officiated. "Shall We Meet Beyond the River" and "Does Jesus Care" were sung by Laura Long, Bridgton. The floral tributes were many and beautiful. Interment at Black Mt. Cemetery.
Home is not home, for mother is not there. Dark is her room—empty her chair. Now will she rest from her labor and care, 'Till that morning so fair.
Sleep, mother, sleep with your hands on your breast!
Poor, weary hands! they needed their rest: Well have we loved you, but God loved you best. Thy God, thy God, given rest.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often dependent, had dizzy spells and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and 'no position' I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."

Sunlight for Sanitation

The following are some of the logical uses for Barreled Sunlight, the glossy white tile like finish paint for making rooms at home more cheerful at very low cost.

Bathrooms Kitchen Pantry Attics Stairways Closets Laundry Kitchen Closets Nursery Garage

It is superior to other paints for these purposes as it is cheaper than enamel, easier to apply, does not crack or scale, can be washed and is absolutely sanitary as it contains no lead.

A SIZE FOR EVERY PURPOSE

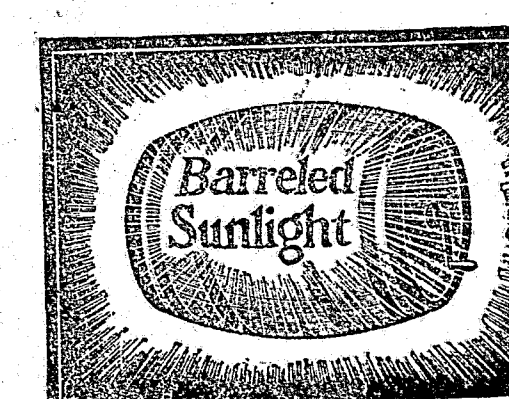

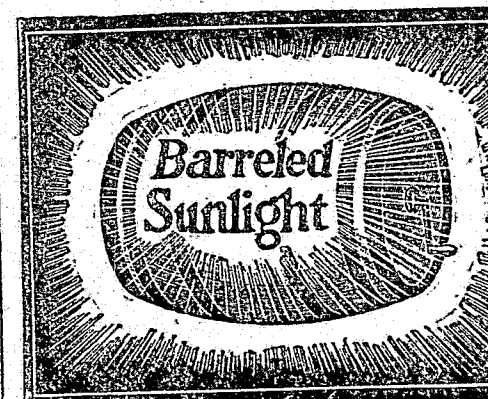

Gallons, half gallons, quarts, pints, half pints

In Shops and Work Rooms

The use of Barreled Sunlight—Rice's Gloss White—in small shops and work-rooms offers the same splendid advantages that have benefited so many of the great modern factories. Better workmanship, less eyestrain, more cheerful surroundings, greater comfort for the workmen, and more order and neatness in the shop follow its application. Barreled Sunlight gives a permanent light reflecting finish that can be washed and will not need repainting for years. Because of the special process by which Barreled Sunlight is made it will remain white longer than any other similar product.

A SIZE FOR EVERY PURPOSE

Gallons, half gallons, quarts, pints, half pints

If You Have't Tile Have A Tile Like Finish

For bathroom walls, basements and such places white, spotless tile is without a doubt the ideal surface; but because of its cost is beyond the reach of the average householder. However, the same glistening, pure white finish can be obtained by anyone at the cost of an ordinary oil paint. Barreled Sunlight is that paint which presents a glossy tile-like surface—washable, sanitary and dirt resisting. It contains neither varnish or lead, is cheaper than enamel and is easier to apply. Flows out smoothly leaving no brush marks, and will dry over night.

A SIZE FOR EVERY PURPOSE

Gallons, half gallons, quarts, pints, half pints

IDEAL FOR THE HOME

There are rooms where white walls and woodwork are peculiarly fitting, such as the kitchen, nursery and bathroom. Barreled Sunlight makes rooms bright and cheerful. The glossy tile-like finish of this oil paint can be washed and won't need repainting for years. Contains no lead, so is absolutely sanitary. Is cheaper than enamel and can be applied easier by the householder.

Sunlight for Sanitation

The following are some of the logical uses for Barreled Sunlight, the glossy white tile like finish paint for making rooms at home more cheerful at very low cost.

Bathrooms Pantry
Kitchens Attics
Stairways Closets
Laundry Kitchen Closets
Nursery Garage

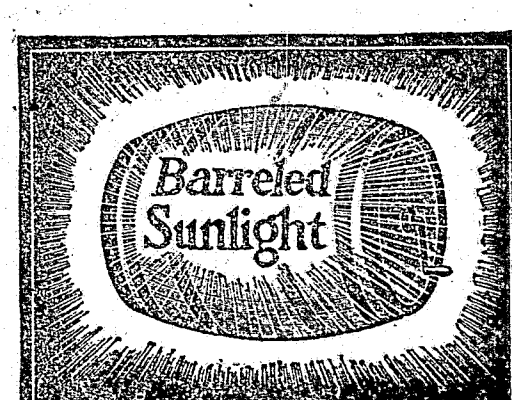

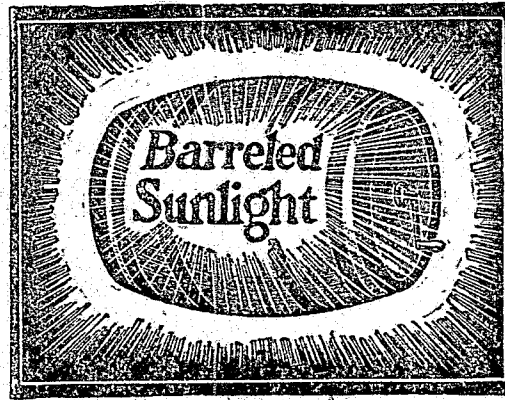

It is superior to other paints for these purposes as it is cheaper than enamel, easier to apply, does not crack or scale, can be washed and is absolutely sanitary as it contains no lead.

A SIZE FOR EVERY PURPOSE
Gallons, half gallons, quarts, pints, half pints

In Shops and Work Rooms

The use of Barreled Sunlight—Rice's Gloss White—in small shops and work-rooms offers the same splendid advantages that have benefited so many of the great modern factories. Better workmanship, less eyestrain, more cheerful surroundings, greater comfort for the workmen, and more order and neatness in the shop follow its application. Barreled Sunlight gives a permanent light reflecting finish that can be washed and will not need repainting for years. Because of the special process by which Barreled Sunlight is made it will remain white longer than any other similar product.

A SIZE FOR EVERY PURPOSE
Gallons, half gallons, quarts, pints, half pints

If You Have'n't Tile Have A Tile Like Finish

For bathroom walls, basements and such places where white tile is without a doubt the ideal surface, but because of its cost is beyond the reach of the average householder. However, the same glistening, pure white finish can be obtained by anyone at the cost of an ordinary oil paint. Barreled Sunlight is that paint which presents a glossy tile-like surface—washable, sanitary and dirt resisting. It contains neither varnish or lead, is cheaper than enamel and is easier to apply. Flows out smoothly leaving no brush marks and will dry over night.

A SIZE FOR EVERY PURPOSE
Gallons, half gallons, quarts, pints, half pints

IDEAL FOR THE HOME

There are rooms where white walls and woodwork are peculiarly fitting, such as the kitchen, nursery and bathroom. Barreled Sunlight makes rooms bright and cheerful. The glossy tile-like finish of this oil paint can be washed and won't need repainting for years. Contains no lead, so is absolutely sanitary. Is cheaper than enamel and can be applied easier by the householder.

NORWAY AND VICINITY
Although this town has no Farm Bureau organization as yet, County Agent Lovejoy has thought it best to try and organize boys' and girls' clubs in the town, and he has secured Prof. Edward H. Brown, as leader of the club. Work is now under way for organization, and no doubt we shall have clubs in this town which will compare favorably with other towns where club work is being done under the support of the Farm Bureau organization this year.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being a general term covering all the constitutional conditions, requires a constitutional cure. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the system thereby destroying the cause of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BATES—WEST PARIS

The Central District Oxford County
Sunday school convention is to be held
in the Baptist church, Friday, May 6.
State S. Sec. Rev. Brewster will be
here and other speakers and S. S. work-
ers. Dinner will be served by the local
Sunday schools.

New Block to be Built

Spring changes have begun, changing
properties and changing rents. Where a
certain property is in the habit of chang-
ing hands or the ordinary moving of ten-
ants is concerned, it is not more than
generally expected every fall and spring,
but when old "land marks" take on the
"fever" it makes an item of more than
common interest. This time it is two
at once. First is the residence of Ellis
worth D. Curtis and his father, Davis
Curtis, before the White Drug Store and
owned the farm buildings on the corner
of Maine and Pioneer streets in the cen-
tral part of the village has sold to E. J.
Mann, who lives next beyond him on
Main St. Mr. Curtis has not yet been
known where he intends to move. He
will hold in the evening, Rev. H. H.
Hathaway from the Clothes Pin factory
and his farm above the village on Greenwood
street.

The second change is the building and
lot on the corner of Main and R. R.
streets owned by Charles Curtis and oc-
cupied by S. T. White Drug Store and
Eugene Haines Market, also stable used
by Mr. Curtis. This is the first store
building in West Paris and was built
and occupied by the late Francis
Young, later by Jud. Curtis, C. H. Lane
and Mr. and Mrs. A. R. Buckman. It
is the best located site in the village
and a company of five men, P. H. Fifield,
L. C. Bates, E. J. Mann, P. R. Penley
and George Jackson, who in the near
future will take down the present build-
ings and put up a good block and fit it
up for the different forms of business as
is called for in the village. The new
block will make a much needed improve-
ment. A drug store is needed in this vicinity and
Mr. White announces that he intends to
stay in West Paris in that business as
long as health permits.

Rev. H. H. Hathaway preached his
fifth sermon, Sunday, from the Feder-
ated churches in the evening. Rev.
Baita of the Finn church was present
and spoke fitting words of Mr. Hatha-
way and regrets, which were interpreted
by his daughter Cori. Also Rev. H. A.
Markley came in later, who made appro-
priate remarks, both of which were much
appreciated by the congregation. Rev.
Mr. Hathaway has a call to go to Swan's
Island and he will go there next Sun-
day and then decide whether he may ac-
cept it or not. It is another of the
Federated type of Baptist and Metho-
dist same as here. We certainly do
hope to have Mr. Hathaway stay in this
place, and we wish him success and God
speed in his next pastorate.

Rev. H. P. Aldrich and family have ar-
rived to take up the work of the Feder-
ated churches and will preach his first
sermon in the Baptist church, next Sun-
day.

Mrs. Samuel B. Ellingwood started for
Scotland, last week, to visit relatives.
She expects to be gone a year. Mr.
Ellingwood has stored his goods and is
working for F. A. Dunham at North
Paris.

Miss Tibbets of Portland is visiting
her friend, Mrs. P. E. Wheeler.
Mrs. Josephine Bates and Mrs. C. E.
Stearns attended a meeting of the Sun-
shine Club at Paris Hill, Thursday.

EAST WATERFORD
Beatrice Gammon has been spending
several weeks with her mother, Mrs. Ida
Gammon.

An excitement was in our quiet village
Thursday afternoon when Fred Leonard's
house was discovered to be on fire. The
chimney had burned out in the morning,
but was thought to be all out, but at
noon the teacher, Mrs. Melvinia Pride,
and scholars noticed smoke coming from
the chamber window where a square of
glass was broken out and gave the alarm.
The alarm sent over the telephone soon
brought help from all directions.

Mrs. Leslie McIntire who was operated on
at the C. M. G. Hospital, Lewiston,
Thursday is reported as doing well.
Mrs. R. E. Pinkham went to Lewiston
on Sunday to see Dr. Cullum and at the
hospital, returning home Tuesday.
Mr. and Mrs. Merton Hobson and
daughter Leah and Sylvia Ray of North
Waterford, called at W. V. Kneeland's

Mrs. Kneeland were schoolmates but have
not met for many years.

STATE OF MAINE
Whereas Harry L. Love of Greenwood, Me.,

uated in said State of Maine, to wit: the
foreclosed and bounded and described as
follows: Bounded northerly by lands for-
merly of Clarence Whitman and Oscar L.

body parcel so called southerly by lands for-
merly of Ralph Herick and others and the
said parcel of land, containing the same
12, 1915 and recorded in said Registry of

and, now, therefore, by reason of the breach
of the condition thereof I claim a foreclosure

CHILDREN'S NEW DRESSES

This expression from a customer re-
cently, "Really, I hardly believed I
could find such a wide variety and
such pretty styles as you have and so
reasonably priced." Possibly this ac-
counts for the excellent business we
are doing in this department. The
dresses are well made, materials are
of a quality that will give satisfaction.

Dresses, 2 to 6 years. 95c, \$1.25, \$1.50, \$1.95.

Wool Plaids, beautiful patterns in wonderful
color effects. These skirts embody every new
idea of skirt making, many new pleatings.

SMART COATS

New arrivals of Coats have replenished
our stocks after the heavy selling of the past
two weeks. You will find all lengths of coats.
The materials show a wide variety of different
weaves and the colorings are rich and most
appealing. Prominent among the approved
coat fashions for Spring are the graceful
Wraps.

CORSETS AND BRASSIERS

The new Spring Models are here ready for your early choosing and we know that you will
be as well pleased with them as are the customers who have already seen them.

SPECIAL BRASSIERE, \$1.00, brocaded satin and mercerized in pink, some with figure of
fold, bandeau style. Several styles at \$1.00.

OTHER BRASSIERES AND BANDEAUX for 50c, 75c, \$1.00, \$1.25, \$1.50.

P. N. PRACTICAL FRONT CORSETS

There are many reasons why P. N. Practical Front Corsets are different from other corsets
that lace in the front, but there is one outstanding feature. It is the location of the front clasp
coming directly in the center of the body. It puts the front closing of the corset exactly where it
should be; directly in the front in the same position that it is found in back lace corsets. At a
glance you appreciate this feature. No longer will you have to suffer the loss of not being able to
wear front lace corsets because you can't stand the pressure of the front clasp under the bust.
P. N. Practical Corsets have solved this difficulty for you.

A cleverly arranged inner elastic vest combined with the feature of the clasp in the center
will open for you a new era in your corset wearing. P. N. Practical Front Corsets will give you
that combination of comfort plus style that you have always wanted and never found.

The price is \$5.00. After wearing a pair we know you will say as others have said, "I have
never got so much comfort and service from a corset as I do from the P. N. Practical Front Cor-
set."

We have other good brands such as Regal, Royal Worcester and Thompson. Priced from
\$1.75 to \$6.00.

The Last Time

you bought a new Suit, did you trade in your old one?—and did
you get an "adjustment" on your old shoes when they were worn
out?

No—the chances are ten to one, you wouldn't think of any-
thing like that. If your clothes or shoes continually required an
adjustment, you'd soon find a new tailor and a new shoe man.

Then why not buy your automobile tires on the same basis?
Don't buy Tires from a man who promises "liberal adjust-
ments." Don't buy Tires with the idea of getting an "adjust-
ment"—but buy with the idea that they will not require it.

If you'll come in the next time you need tires, we'll sell you
as good as any on the market. They may cost you a few cents
more than some others, but there's DOLLARS more value. Ad-
justments are mighty rare,—they don't need it.

We are 100 per cent, sincere in soliciting your business, be-
cause we know we can be of service to you—also, we can save you
some money.

Come in some time real soon, and let us prove it.

Sincerely,

N. U. Greenlaw
